THE GLOBAL METALS & MINING INDUSTRY AT A CRITICAL INFLECTION POINT

The global metals and mining industry is undergoing a major transformation as infrastructure expansion, energy transition, and industrial growth drive unprecedented demand for metals and minerals.

1.9+

Billion
Tonnes

Global steel production annually, making steel the backbone of modern infrastructure, transportation, and manufacturing.

\$ 2+

Trillion

Estimated value of the global mining industry supporting construction, energy, and industrial supply chains.

4x

Growth
Expected

Demand for critical minerals such as lithium, copper, nickel, and cobalt is expected to grow significantly by 2040 due to the global energy transition.

\$ 90+

Trillion

Projected global infrastructure investment required by 2040, creating massive long-term demand for steel and industrial metals.

2050

Net Zero

Committing to net-zero emissions targets, accelerating the push toward sustainable mining and low-carbon metal production.

RAPIDLY EVOLVING INDUSTRY NEEDS A GLOBAL PLATFORM

KEY CHALLENGE 01

Fragmented Industry Conversations

KEY CHALLENGE 02

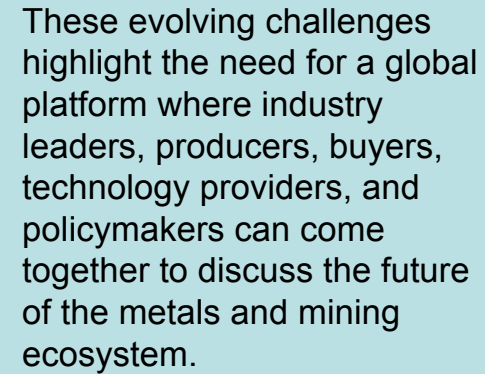

Technology & Innovation Gap

KEY CHALLENGE 03

Sustainability & ESG Pressure

KEY CHALLENGE 04

Global Supply Chain Complexity

These evolving challenges highlight the need for a global platform where industry leaders, producers, buyers, technology providers, and policymakers can come together to discuss the future of the metals and mining ecosystem.

WORLD METAL & MINING SUMMIT 2026

The World Metals & Mining Summit 2026 is a global virtual event designed to bring together leaders from across the metals, mining, and materials ecosystem to discuss industry trends, share insights, and explore new business opportunities. It aims to create a collaborative environment where industry stakeholders can exchange ideas, explore innovation, and strengthen global partnerships.

EVENT FORMAT - WMMS 2026

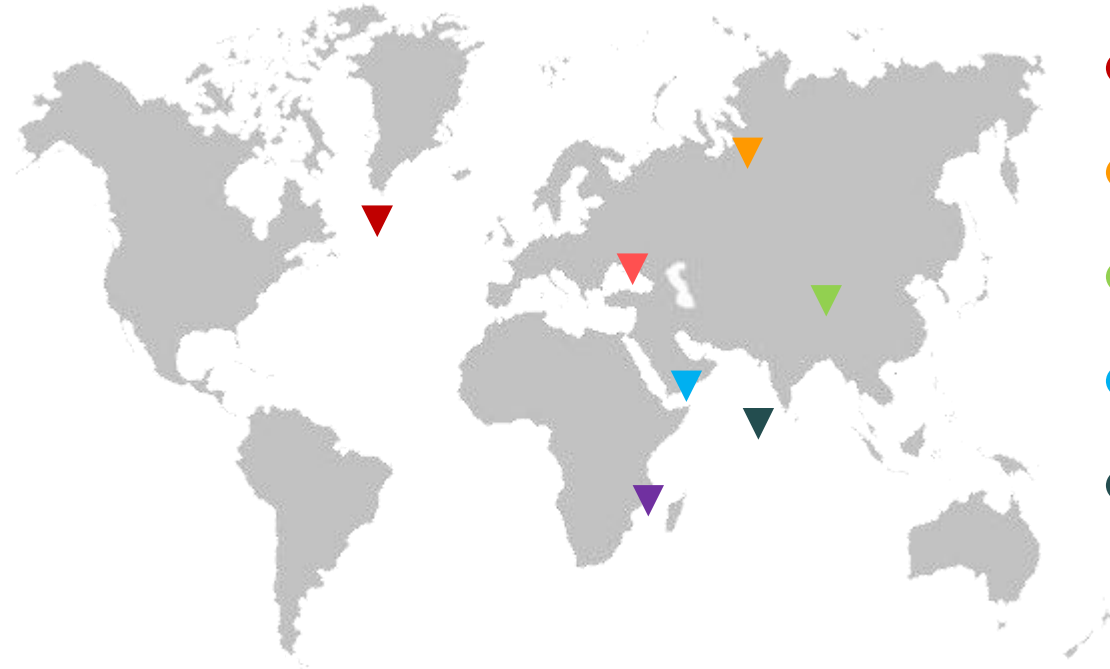

The World Metals & Mining Summit 2026 is designed as a comprehensive global platform that brings together knowledge exchange, industry engagement, and professional development.

The summit will feature four integrated components:

KEY DISCUSSION THEMES

The summit will feature strategic discussions across critical themes shaping the future of the global metals and mining ecosystem.

- MARKET OUTLOOK & GLOBAL TRADE
- MINING & RESOURCE DEVELOPMENT
- ENERGY TRANSITION & GREEN METALS
- TECHNOLOGY & DIGITAL TRANSFORMATION
- SUPPLY CHAIN & INDUSTRY COLLABORATION

DAY WISE THEME

1

**RAW
MATERIAL**

2

STEEL

3

**AI &
TECHNOLOGY**

4

**BASE
METALS**

5

**STAINLESS
STEEL**

WHO SHOULD ATTEND?

METALS & STEEL PRODUCERS

- Steel manufacturers
- Ferro alloy producers
- Non-ferrous metal producers
- Smelting and processing companies

TRADERS & SUPPLY CHAIN PARTICIPANTS

- Commodity traders and exporters
- Raw material suppliers
- Logistics and supply chain companies
- Global trading houses

INDUSTRY LEADERS & DECISION MAKERS

- CXOs and senior management
- Procurement and sourcing leaders
- Strategy and investment professionals
- Industry consultants and analysts

MINING COMPANIES

- Iron ore mining companies
- Coal and mineral producers
- Critical mineral developers
- Resource exploration firms

TECHNOLOGY & SOLUTION PROVIDERS

- Mining technology companies
- Industrial equipment manufacturers
- AI and digital transformation providers
- Sustainability and decarbonization solution providers

ACADEMIC & POLICY INSTITUTIONS

- Leading academic institutions
- Industry associations
- Policy and regulatory bodies
- Research organizations

LEADERSHIP CERTIFICATION SERIES

POWERED BY IIM - SIRMAUR

Elevate your expertise through exclusive certification workshops co-developed with IIM Sirmaur. These limited-seat sessions are designed for senior professionals and emerging leaders seeking to deepen their strategic understanding of the metals and mining sector. Blending academic excellence with real-world industry insights, the workshops will focus on decision-making frameworks, market dynamics, and leadership perspectives critical to navigating a rapidly evolving global landscape. Participants will not only gain actionable knowledge but also earn a prestigious co-branded certification that enhances their professional credibility and long-term career growth.

KNOWLEDGE . LEADERSHIP

THE VIRTUAL EVENT EXPERIENCE

The World Metals & Mining Summit 2026 will deliver an immersive and interactive virtual experience designed to enable meaningful knowledge exchange, business engagement, and global networking.

Live Conference Sessions

- Attend keynote sessions and panel discussions.
- Engage with speakers through live Q&A
- Gain strategic insights from global industry leaders.

Interactive Virtual Exhibition

- Explore digital exhibition booths
- Connect directly with exhibitors through live video
- Discover technologies, services, and innovations shaping the industry.

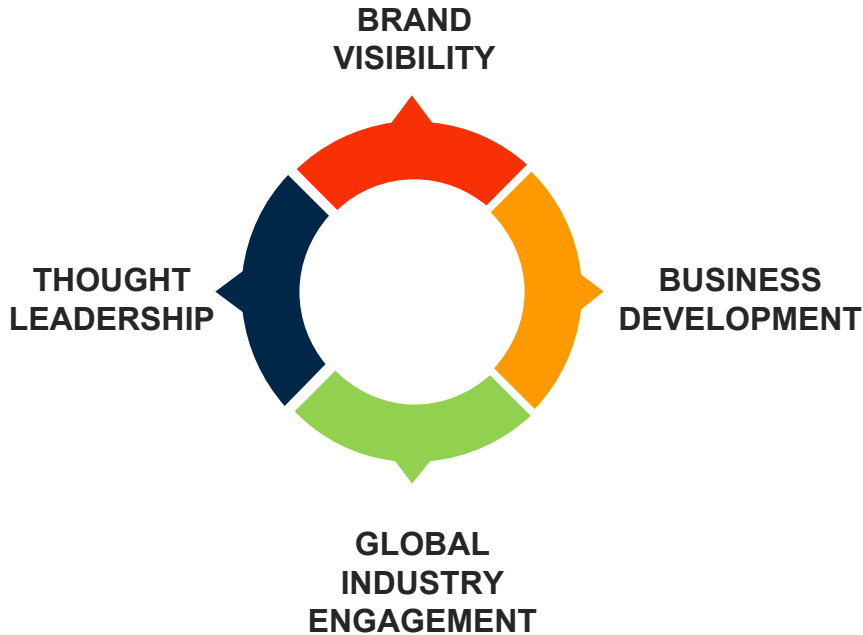

Networking & Business Meetings

- Connect with global participants
- Curated networking sessions and discussions.
- Schedule one-to-one meetings participants

Knowledge Workshops

- Participate in specialized workshops conducted with leading academic institutions.
- Gain deeper insights into emerging industry trends and strategies.
- Receive certification upon successful completion of workshop sessions.

WHY PARTNER WITH US

-  **BRAND VISIBILITY**
Showcase your brand to a global audience of industry leaders and decision-makers.
-  **THOUGHT LEADERSHIP**
Position your organization as an industry leader through expert sessions and strategic dialogue.
-  **GLOBAL INDUSTRY ENGAGEMENT**
Be part of meaningful conversations shaping the future of metals and mining.
-  **BUSINESS DEVELOPMENT**
Connect with potential clients, partners, and industry stakeholders from across the value chain.
